Contents

1 Planning 1
- 1.1 Solution Scenario 1
- 1.2 Client 1
- 1.3 Proof of Consultation 1
- 1.4 Problem Analysis 1
- 1.5 Product rationale 1
- 1.6 Success Criteria 1

2 Solution Overview 3
- 2.1 Record of tasks 3
- 2.2 Design overview 3
- 2.3 Algorithms 3
- 2.4 Test plan 1 3
- 2.5 Test plan 2 3

3 Development 5
- 3.1 Classes 5
- 3.2 Usability 5
- 3.3 Problem and errors handling 5
- 3.4 Output of the program 5
- 3.5 Success of the program 5

4 Functionality and extensibility of product 7
- 4.1 Video of the program 7
- 4.2 User Documentation 7
- 4.3 User's feedback 7

5 Evaluation 9
- 5.1 Evaluation of the program 9
- 5.2 Changes 9
- 5.3 User's feedback 9

5.4 recommendations 9

Planning

1.1 Solution Scenario

1.2 Client

1.3 Proof of Consultation

1.4 Problem Analysis

1.5 Product rationale

1.6 Success Criteria

2

Solution Overview

2.1 Record of tasks

2.2 Design overview

2.3 Algorithms

2.4 Test plan 1

2.5 Test plan 2

3

Development

3.1 Classes

3.2 Usability

3.3 Problem and errors handling

3.4 Output of the program

3.5 Success of the program

4

Functionality and extensibility of product

4.1 Video of the program

4.2 User Documentation

4.3 User's feedback

5

Evaluation

5.1 Evaluation of the program

5.2 Changes

5.3 User's feedback

5.4 recommendations
